## Mini Probe

The EcoLeak™ EL- MPS-R is a cost effective solution for low point water leak detection and is compatible with all the AquiTron and EcoLeak liquid leak detection alarm modules. The EL-MPS-R incorporates a two track printed circuit board detection surface located on the base of the housing. The compact size and its low height profile make it ideally suited for small shallow locations.

### APPLICATION

Primarily designed for small area detection in locations such as tea points, kitchens, washing machines, bathrooms, below showers and cisterns, within boiler rooms and banded areas and drip trays.
